

NURSERY/ PRESCHOOL

We use a series of materials that takes three years to go through various Bible stories from Genesis to Revelation. Students watch a short video and complete an activity page relating to the story. The Sunday School material also contains short music videos to help learn memory verses and videos about various missionaries. The lesson is followed by a quick snack and a short period of play time.

Children 1 - Grades 1st & 2nd

In this class, we focus on the foundations of the Bible. We are learning the books of the Bible, The Lord's Prayer, The Ten Commandments, all about the Twelve Disciples, and the ABC's of Salvation. We also learn about tithing, being obedient to God, and the importance of showing God's love to others. We have a new Bible lesson every Sunday and enjoy a little snack at the end of our lesson time.

KINDERGARTEN

Each month we learn a different verse. Each week we have a coloring page or find the verse in the Bible. On the first Sunday of the next month, we recite the verse we worked on the last few weeks and will pick a prize out of the prize box. For our weekly lessons, we read our Bible lesson and then usually have an activity page or a craft that goes along with the lesson. We end our class time with a prayer. The kids usually have free time at the end.

Adult 1 - Young Adults

We are very laid back and study areas we are struggling with in the current day. We study topics that interest us and will help us to navigate life. At the beginning of the year, we change things up a bit by studying a book chosen by the class. Last year we studied 'Building a Non-Anxious Life' by Dr. John Delony. This January we began a study on 'The Invisible War' by Chip Ingram. Sometimes we will break down songs and test their credibility. Above all, we take a biblical approach to each topic and find biblical truths needed to gain wisdom and understanding, always wanting to keep God as the focus.
